Respiratory protection is not required for normal use of this material. If the occupational exposure control limit (ECL) is exceeded, wear an appropriate respirator with a protection factor sufficient to control exposures to below the ECL.

### **EYE PROTECTION**

Follow good chemical hygiene practices when using clinical or consumer presentations. Safety glasses or goggles are recommended if eye contact is possible.

### **HAND PROTECTION**

Follow good chemical hygiene practices when using clinical or consumer presentations. Wear protective gloves when working with large quantities.

### **SKIN AND BODY PROTECTION**

Follow good chemical hygiene practices when using clinical or consumer presentations. It is recommended that a laboratory coat or other chemical protective garment is worn when handling this product.
